Tentative Decision to Grant the Issuance of a Hazardous Waste Treatment Permit
EPA I.D KYR-000-034-207, AI 6238

The Kentucky Environmental and Public Protection Cabinet (Cabinet), Division of Waste Management (Division), has tentatively decided to grant the issuance of a hazardous waste treatment permit for Daicel Safety Systems America, LLC. (DSSA)

A Public Meeting is scheduled with a Public Hearing to immediately follow on July 17, 2006, 7:00pm at the Beaver Dam Elementary School located at 183 US Hwy. 62 East in Beaver Dam, KY.

Daicel Safety Systems America, LLC is located on 720 Old Liberty Church Rd in Beaver Dam, KY. 42320. The site contact is Mr. Chad Henson and can be reached at (270) 730-2269.

Why does DSSA need a permit from the Division?

DSSA produces automotive airbag assemblies. Kentucky environmental regulations require DSSA to have a hazardous waste permit to treat off-spec airbag gas generator pellets. DSSA will treat the waste pellets by open burning.

How can I tell the KY Division of Waste Management what I think about this tentative decision?

The Cabinet encourages public involvement and welcomes comments. Anyone wishing to comment on this tentative decision should submit comments to the Cabinet on or before midnight, July 17, 2006, the close of the public comment period. Electronic comments should be submitted to Dede.Grisham@ky.gov; or mailed to: April J. Webb, P.E., Manager, Hazardous Waste Branch, Division of Waste Management, 14 Reilly Road, Frankfort, KY 40601, (502) 564-6716, ext. 676
